HERE ARE our advance Holland Bulb Prices for May and June 1923. You will certainly save money by sending us your order at once, because we can handle advance orders at minimum cost. If you wait or buy elsewhere undoubtedly you will pay more. Our fall bulb business is increasing rapidly due to the excellent quality of the bulbs we import and the superior service we give with each order. The fact that our regular customers are increasing their orders is proof that the policy of buying at these advance prices is profitable and satisfactory.

WE CAN ORDER for you all you need of any variety whether mentioned on this list or not and any size. Advance orders can be forwarded just as soon as the Holland shipment arrives. Our stock comes from best known and most reliable growers who know their trade with us depends on superior quality. (One concern has grown for us for 50 years.) As our imports run into car loads, the low prices and low rate transportation we secure enable our customers to buy of us in most cases at lower prices and with more satisfactory results than by importing direct.

REMEMBER, our prices include packing and cases and all foreign and ocean freight, harbor transfer and numerous inspection charges which the Dutch salesmen never mention when begging you to import direct; also duty which is now from 75% to 300% higher than formerly, notwithstanding which, prices on many items are as low or lower than last year. Where increases occur they are due to the most part to shortage in planting stock. As our late prices will be higher you have everything to gain and nothing to lose by placing your order now, so that we can forward your order to our growers as soon as possible to allow them time for shipment in due season. To customers of approved credit, terms 2% 10 days, net 60 days from date of invoice. Satisfactory references required from unknown correspondents or advance payment of 25% of the amount of the order.

OUR FALL WHOLESALE BULB CATALOGUE will be issued in September but higher prices will, of course, prevail.

WE ARE ALSO QUOTING attractive prices on some of the leading strains of florists varieties of flower seeds. Our prices are attractive—the quality will please.
